Prom King and Queen chosen at EHS

by Mary Katherine Head

For the first timesever, a king and queen were chosen for Elba High School's Junior/Senior Prom. While planning the from, the junior class decided it would be a neat idea to start the tradition of having a prom king and queen. But, the junior class sponsors did not want the king So Mrs. Martha Crawford and-Mrs. Donna Clark came up with unique idea of choosing the process began by seniors being nominated by juniors. Each junfor could only choose one bor and one girl to elect. Once all of the nominees were in, thos selected had to fill out an appli es, honors/awards, and future

By Ricky Mularz, Sports Editor

The Mularz girls accompanied their Mom to a family reunion last weekend, and while they did admit they were looking forward to meeting some of their kinfolk for the first time, they also made it clear that the thought of tables filled with home cooked meals played a major role in their decision to make the trip. I can remember back when I was young I often went with my Mom to reunions, and I can assure you the good food was always one reason I agreed to go along for the ride. Good food, good friends and good fellowship. Not a bad way to spend the day!

FOR WHAT IT IS WORTH....

*** The Elba Lady Tigers rolled to three straight wins last weekend to win the Class 3A, Area 2 softball championship, and in doing so also clinched the home field advantage for the next two rounds of sub-state play. Last season the Lady Tigers took their state playoff hopes on the road and fell two wins short of reaching their goal, but this season the Elba girls can stay home and hopefully put their home field advantage to good use in their quest to make it to the state tournament. Elba's sophomore sensation Stephanie Baxley pitched every inning in all three wins and in 19 innings allowed only two earned runs on two hits, while striking out 39 batters, and the lanky Lady Tiger pitcher also showed some punch at the plate as she had three hits in the win over Barbour County, including two doubles. It was quite a day for Baxley, and her outstanding play led the way as Elba claimed the area championship and improved its record to 12-14. Michelle Carpenter and Jessica Danford also had a big day at the plate as they combined for six hits and scored 10 runs, while Lacy Carlile scored five runs in her role as lead off batter. It was a big day for the Lady Tigers and for their fans as the girls kept the championship trophy at home!

*** In closing.... With only two weeks left on the school calendar it appears that no matter what is done concerning the head football coaching vacancy at Elba High School there will be no time left for spring football practice. The Tigers had only held brief spring drills in recent years and I am not really sure just how important the annual rite of spring really is. CITY of ELBA QUALITY WATER REPORT

wins gold medal We are pleased to present to you this year's annual Quality Water Report. This report is designed to inform you about the water quality and services we deliver to you everyday. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we continually make to improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water source is Clayton Aquifer and we have four wells that we use to draw from this source. "It pleases me to state that the City of Elba's drinking water is safe and meets federal and state requirements," said Mayor James Grimes. If

> The Water Department routinely monitors for constituents in your drinking water according to Federal and State Laws. The table below shows the results of our monitoring for the period of January 1 to December 31, 2003. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of constituents. It is important to remember that the presence of these constituents does not necessarily pose a health risk.

In this table you will find many terms and abbreviations you might not be familtroson of netural deposits, runoff from orchards, runoff from lar with. To help you better understand these terms, we have also provided you with definitions.

MCI's are set at very stringent levels. To understand the possible effects described for many regulated constituents, a person would have to drink two liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.

The Municipal Water Works has completed an extensive source water assessment that identifies potential contaminant sites. A susceptibility analysis has been performed to determine if these sites post any significant risk. Anyone wishing to view this report should contact this office at 334-897-2160...

In our continuing effort to maintain a safe and dependable water supply it may be necessary to make improvements in your water system. The cost of these improvements may be reflected in the rate structure. Rate adjustments may be necessary in the future in order to address these improvements.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and nfants can be particularly at risk from nfection. Carol's earlier 25-year career as a practicing psychotherapist

added understanding to her

interest in topics such as courtship-marriage-family-and-

gender relationships, childrearing, "woman's place," and the

maxims by which folks order their personal and social lives.

Her more recent experience in developing congregational health ministress to support the

elderly and the dying has sensitized her understanding of religious practices, caring for the sick, and dealing with death.

Martha Matilda's greatest delight is in visiting with seniors. "Chords that were broken

vibrate once more!" as Martha

Matilda evokes childhood mem-

ories and childlike delight while

Carol listens to elders with lifelong interest and rapt attention

rare in today's busy world.
